## The United desserts of America, Doc 1 p. 32

What would America be without dessert? [...] It would be boring. [...] America is a land of desserts. Drive across the country, and you'll find pralines and cookies in every gas<sup>1</sup> station, pies and cakes in every diner<sup>2</sup>. [...] And so it is clear that each state ought to<sup>3</sup> claim its own dessert, even as we all praise<sup>4</sup> apple pie as the ultimate symbol of Americana.
